

# Spoiler Alert

AT A 2% PROFIT MARGIN:

**\$1 of bottom-line improvement from shrink reductions is equal to \$50 of new revenue.**

Recovering greater value from distressed inventory is one of the most overlooked paths to increased profitability.

## Analyze, manage, and mitigate the financial impacts of distressed inventory:

Networks of discount, donation, and recycling outlets

Proactive reduction initiatives

Real-time insights and tracking

Bottom-line impact visibility

Consistent standard operating procedures

## Why?

Generate revenue

Reduce costs

Save time

Increase tax benefits

Attract/retain talent

Spoiler Alert is the food industry's plug-and-play option for getting more value out of at-risk product. Get started today.
